Important Discoveries About the Venezuelan Dispute.

### MR. COUDERT'S MISSION ABROAD.

Old Dutch Records Relating to the Venezuelan Boundary Unearthed at The Hague, in Holland—Other Valuable Records Have Been Obtained in London and in Rome.

NEW YORK, Oct. 5.—Frederick R. Coudert, the eminent lawyer and member of the Venezuelan commission, appointed by President Cleveland to investigate the Venezuelan boundary question, returned to this city yesterday from The Hague on the French line steamer La Bourgogne. Mr. Coudert went abroad for the purpose of examining the old Dutch records relating to the Venezuelan boundary and has spent considerable time over the archives with the result that quite an array of new testimony bearing upon the point at issue has been unearthed.

Mr. Coudert was seen last night concerning the results of his trip. He said that much had been accomplished.

"Immediately upon my arrival at The Hague," said he, "I met Professor Barr of Cornell university, who, as the representative of the commission, had already spent much time in gathering data. Together we went through the records very thoroughly.

"Then we went to London, where many of the records were transferred at the time of the purchase of Guiana in 1815. Many of these records had already been published by the British government, and very fairly. We found other useful evidence there, however, and both in London and Holland met with uniform courtesy in the prosecution of our search."

"Were all the records prior to 1815 transferred to London at the time of the sale?" was asked.

"No, indeed," said Mr. Coudert quickly; "not all of them. We found some very valuable papers in the old Dutch records."

Just how valuable these were or what they tended to establish, Mr. Coudert would not disclose, but reiterated his statement that they were very valuable.

Another useful source of information, he said, was the propaganda at Rome, where some valuable records were found.

"The pioneers in this territory," he said, "we monks, chiefly of the Order of Capuchins, and their reports to their home order contain much information, which both parties to the controversy have been allowed to avail themselves of."

Regarding the correspondence which has passed between Secretary Olney and Lord Salisbury recently, Mr. Coudert said:

"I understand that this correspondence deals with the subject of arbitration generally and can not be specifically applied to the Venezuelan controversy. The recent visit of Joseph Chamberlain did not, in my opinion, have any connection with this matter.

"So far as I know officially nothing further has been accomplished in the matter than when I left, and if any negotiations are being conducted by the executive of the government to settle it they are unknown to me. I can not say when the commission's report will be ready nor whether it will be finished before President Cleveland's term of office expires."

### BLOODY TRAGEDY.

A Father and Son Meet Death, the Result of a Family Quarrel.

BRISTOL, Tenn., Oct. 5.—A bloody tragedy is reported from Jonesville, Va., in which a father and son met death at the hands of the former's son-in-law. Some time ago Arch Bales married a daughter of John Henry Jayne, and the couple made their home with her father until recently, when a family quarrel resulted in Bales leaving the house with his wife and locating in another neighborhood.

Jayne, accompanied by his son John, went to Bales's home for the purpose of inducing his daughter to leave her husband and return home. Soon after they reached Bales's house they demanded that Mrs. Bales return home with them. Mrs. Bales was upstairs at the time, and, hurrying up the stairway, Bales secured a gun and fired upon Jayne and son, who were then coming up the stairway. One shot entered his father-in-law's brain and killed him instantly. Jayne's son walked over his father's dead body and was advancing on Bales, who fired another shot, which entered the young man's left breast, wounding him fatally. The Jaynes are of one of the best families in Lee county, Virginia.

### FOREST FIRES.

Several Points Along the Marquette and Western Railway Threatened.

MARQUETTE, Mich., Oct. 5.—Destructive forest fires are burning two miles south of this city along the line of the Marquette and Western railway. During the afternoon a brisk south wind was blowing, and there was some anxiety lest the fires might be driven upon the city, but a change of wind to westerly averted the danger.

Nestoria Junction, on the line of the Duluth, South Shore and Atlantic railway, 70 miles west of Marquette, is in serious danger. The junction is the location of much valuable railroad property.

Forest fires are also raging in the immediate vicinity of Humboldt, a mining village of 200 population.

### INDIAN ACADEMY BURNED.

Five Choctaw Boys Perish in the Flames of the Structure.

ANTLERS, I. T., Oct. 5.—At 11 o'clock Saturday night Spencer academy, located 10 miles west of Antlers, burned to ashes, together with all furniture and four Choctaw boys burned up in the flames. Their names are John Smith, Daniel James, Thomas Kanitubbie and William Wilson.

Those injured are: Alfred Bryan, bruised and burned in head; Harris Fisher, sprained foot; Colton Bacon, leg sprained; Edward Clark, jawbone broken; Sam Spring, burned in face, head, shoulders and wrist sprained.

The origin of the fire is supposed to be incendiary, as no one was occupying the room in which the fire broke out and there had been no fire in it this season. Superintendent J. B. Jeter, who is in charge of the schools, heard the flames popping and when he got up, the stairway was on fire. He ran on the outside and woke all the boys and barely saved his own life. The boys threw their beds out of the windows and jumped to the ground on them.

One of the boys who was burned to death was a cripple and the other three were in rooms where there were no windows.

The academy was built by the Choctaw Nations and 102 boys were there Saturday night when it burned. Everything is a total loss, as the Nation did not carry any insurance.

Superintendent Jeter does not know whether the Nation is going to rebuild it or not.

### OVER THIRTEEN MILLION.

That's the Number of Acres of Public Lands Taken Up Last Year.

WASHINGTON, Oct. 5.—Commissioner Lamoreaux of the general land office, has made his annual report to the secretary of the interior for the past fiscal year.

The total land selections during the year were 13,200,522 acres, of which 4,830,815 were homestead entries and 8,789,581 railroad selections. The increase in selections over the previous year was 4,802,673 acres. The cash receipts were \$2,106,381, an increase of \$72,807.

Lands patented to railroads in satisfaction of grants, 15,237,844 acres, an increase of 7,343,508 acres over last year; agricultural patents, 5,470,400, a decrease of 2,628,480 acres. The total number of acres patented was 22,669,980. The total vacant public land in the United States is 600,040,671 acres of which 316,651,861 are surveyed and 283,388,810 unsurveyed. The amount of land surveyed during year was 8,090,803 acres.

### DIED STRAPPED TO A BED.

Andrew Klitz, Bitten by a Pet Dog, Dies of Hydrophobia.

COLUMBUS, O., Oct. 5.—Andrew Klitz, late of Congo, O., died at St. Francis' hospital early Saturday morning after hours of the most terrible suffering of hydrophobia. He was married, aged 27, and was employed as a coal miner at Congo mines. Thursday he accompanied his wife to Columbus to be present at the wedding of Peter Lightwine and Sophie Knoup, the latter being his wife's sister.

The deceased and his wife prepared to remain with them a few days. Thursday night Klitz, who had seemingly been in perfect health, became violently ill with some peculiar malady. It soon became evident that he was a victim of hydrophobia, and at 9 o'clock Friday night the sufferer had to be strapped to the bed. Klitz was bitten by his own dog, a valuable pointer, last July, while attempting to give the animal, which had been previously bitten by another dog, some medicine.

### California Wheat For India.

LONDON, Oct. 5.—A dispatch to The Times from Simla, India, with reference to the proposed shipment of California wheat to India says: "The best news we could receive would be that 20 or 30 cargoes of wheat were being shipped from North and South America. It would steady the market and check the further rise, while the actual arrival of cargoes would cause the native grain dealers to lower their prices, the higher prices having already caused discontent and grain riots in various towns."

### Chauncey Depew Will Soon Marry.

NEW YORK, Oct. 5.—The engagement of Miss Edith Collins and Chauncey Mitchell Depew is now practically acknowledged by their friends. The wedding is looked for in November. It will be celebrated at St. Bartholomew's church. Miss Collins is now in Russia, but will reach New York the latter part of October. Miss Collins is a beautiful young woman and has a fortune of \$3,000,000, and is a granddaughter of Commodore Vanderbilt.

### Attempt to Wreck a Train.

BABABO, Wis., Oct. 5.—An attempt was made to wreck passenger train No. 5 on the Chicago and Northwestern railway near Devil's Lake. Four bandits were discovered obstructing the track. Tom Patterson, who made the discovery, shot one of them. They returned the fire, and Patterson was shot through the leg, and the wreckers escaped. The sheriff and posse are in pursuit. An attempt was made to wreck the same train a week ago.

### Insurgent Leaders Killed.

HAYANA, Oct. 5.—The local guerrilla force at San Nicolas has killed the important insurgent leader known as Inglesito, whose name was Alfred Gold. His body has been identified. One of the insurgent captains was also killed.

## UNHEARD OF EVENT.

Seven-Year-Old Child Charged With Murder.

### A PRELIMINARY TRIAL HELD.

Carl McElhinney Held Responsible For the Killing of Little Thomas Kidd. Bound Over to the Grand Jury in the Sum of Four Hundred Dollars—The Boy Unconscious as to His Fate.

WOOSTER, O., Oct. 5.—Although Carl McElhinney is but 7 years old (his 7th birthday having occurred Sept. 4 last), he was Saturday bound over to court on the awful charge of second degree murder. There was lively interest in the preliminary trial, and the Dalton town hall was filled with spectators. The boy was still running on the street, and the marshal simply went out and assisted him up.

When court was opened no one was present to represent the youthful criminal, but later two sisters, Misses Lizzie and Anna McElhinney, appeared. They told Mayor Harold that the family had decided to waive reading of the warrant and trial, whereupon the mayor bound Carl over to court under the sum of \$400, which they were unable to at once secure. The mayor gave them until Monday to secure the bond.

While the proceedings were going on Carl appeared unconcerned and was playing with buckeyes, chewing gum and whistling on his chair.

While the mother failed to appear in court, she at least appreciated the situation of her boy. The family still believe the boy is innocent of willful murder, and no doubt would bitterly fight the case in court had they money. The sisters stated they waived examination simply because they did not want a trial at Dalton. They expect distant relatives to be present at the next hearing, when they will decide whether to furnish bail or permit the boy to be taken to jail in charge of Sheriff Garver. If they consent to the latter it will be only to get him out of Dalton. They expect the boy to be acquitted, and express a desire to place him in the family of a relative.

### OUR MERCHANT MARINE.

Number of Vessels Has Decreased, but the Tonnage Increased.

WASHINGTON, Oct. 5.—The merchant marine of the United States on June 30, 1896, according to the completed tabulation of the bureau of navigation, comprised 22,908 vessels of 4,703,880 gross tons, a decrease of 330 vessels, but an increase of 68,000 tons over the previous year. Wooden sailing vessels numbered 16,244 of 2,310,819 gross tons. Iron and steel steamers numbered 880 of 1,004,113 gross tons.

Vessels documented at the Atlantic and Gulf ports numbered 16,786, of 2,667,312 gross tons; at Pacific coast ports 1,560, of 437,972 tons; on the great lakes 2,333, of 1,324,068 tons, and on the western rivers 1,229 vessels of 274,527 tons. Vessels registered for the foreign trade numbered 1,257, of 844,954 tons, of which 244 are steamers. Vessels built and documented during the year numbered 723, of 237,096 gross tons, or more than double the construction of the previous year. On the great lakes 117 vessels of 108,782 tons were built.

### OUR NAVY IS UP-TO-DATE.

Secretary Herbert Says Uncle Sam's Ships Are All Right.

NEW YORK, Oct. 5.—Secretary of the Navy Hilary A. Herbert, who has been in Europe for the past two months inspecting the foreign navies and their appliances, has just returned to this country on the steamship Paris of the American line.

"My trip," he said to a reporter, "has been of great interest. I have devoted the time I have had abroad especially to the navies of England and France, not so much to the vessels afloat as to the armor and gun equipments now under course of construction in the various plants. As a result of my examination, I am fully convinced that in our new ships we are fully able to hold our own in model, construction and equipment with any country in the world. Our officers and men are as well drilled and set up as they are anywhere abroad."

BROTHER AND SISTER WEDDED. Discover Their Relationship by Accident After Several Years.

LOUISVILLE, Oct. 5.—Jasper Ebersault and wife of Hicksville, Ind., have made the awful discovery that they are brother and sister. Thirty years ago the Ebersault family living in Virginia lost their property, and Little Minnie was adopted by James Dawson, who soon afterward moved to Indiana.

When her brother Jasper was grown he went to Indiana in search of work and became a farmhand. He met Miss Minnie Dawson, a neighbor, and they were married. They have two children. Several days ago they learned their relationship through a friend of the Ebersaults.

PORTSMOUTH, O., Oct. 5.—A party of hunters have discovered a wild man on Big island, about five miles north of this city. They state that they found a rude hut about the center of the island, and when they started to investigate a half-clad man ran out and into the thicket. They pursued him to the river, into which he sprang and swam across, disappearing in the willows on the opposite shore. The man, as they described him, had long, matted beard, long, tangled hair, gleaming eyes and gave forth discordant yells.

### MONEY HELD BY BANKS.

An Interesting Report From the Comptroller of the Currency.

WASHINGTON, Oct. 5.—Comptroller of the Currency Eckels has issued a statement giving the results of an investigation made by him of the amount of all kinds of money held by the banking institutions of the country on July 1.

The number of banking houses and trust companies inquired of were 12,962 and of 77 clearing houses, covering all of such institutions in every state and territory and the District of Columbia. Replies were received from 5,723 banks and trust companies and 66 clearing house associations. The information, although incomplete, is, the comptroller says, of such a character as to enable a fair and correct result from all to be approximated.

Of the 5,723 reports received, 3,459 were of national banks; 1,494 state banks; 457 savings banks; 230 of private banks and 84 of loan and trust companies.

The total amount of cash in the 5,723 institutions reporting was \$413,124,849. It is divided as follows:

Gold coin, \$134,077,003; gold certificates, \$55,481,338; silver dollars, \$8,254,612; fractional silver, \$7,399,073; silver certificates, \$39,663,596; treasury notes (1890), \$13,126,018; United States notes, \$110,469,375; currency certificates, \$20,858,000; national bank notes, \$23,795,834. Of this total cash, the 3,459 national banks reporting held \$335,174,616, and the 2,265 state, etc., \$77,950,233. The amount of gold coin and gold certificates held by these national banks was \$155,073,604 and by these state, etc., \$34,484,737.

In this connection it may be stated that the total number of national banks, viz: 3,659, held on July 1, the date of the last official call, \$361,658,485 cash, of which amount there was in gold coin and gold certificates \$161,853,560.

The total cash and the part thereof of gold and gold certificates held by reporting banks in each geographical division, is as follows: New England states, total cash, \$35,689,272, amount of gold and gold certificates, \$15,403,768; eastern states, total cash, \$213,129,569, amount of gold and gold certificates, \$88,580,133; southern states, total cash, \$29,086,601, amount of gold and gold certificates, \$9,558,183; western states, total cash, \$109,584,645, amount of gold and gold certificates, \$56,410,427; Pacific states and territories, total cash, \$25,634,762, amount of gold and gold certificates, \$19,605,830. Totals, total cash, \$413,124,849; total amount of gold and gold certificates, \$189,558,341.

A comparison of the money holdings of these geographical districts shows that the 829 reporting banks in the New England states held but \$6,602,671 more total cash and \$5,845,585 more of gold and gold certificates than the 676 reporting banks in the southern states, the 1,275 banks in the eastern states, \$103,544,924 more total cash and \$32,169,706 more of gold and gold certificates than the 2,434 banks in the western states; the 676 banks in the southern states, \$3,451,841 more total cash and \$10,047,647 less gold and gold certificates than the 509 banks in the Pacific states and territories; the 829 banks in the New England states, \$10,054,510 more cash and \$4,202,062 less gold and gold certificates than the 509 banks in the Pacific states and territories.

From the reports received and other information available the comptroller finds that the total gold and gold certificates holdings of the banks of the country on July 1 was \$302,793,367. Including the free gold in the treasury at that time he finds that the available gold and gold certificates in the bank and the free gold in the treasury on or about July 1 was \$404,441,470. Today, the comptroller adds, it is larger, as the free gold in the treasury stands at \$123,755,226.

The returns from the 66 of the 78 clearing house associations of the country show that on July 1, the total clearings amounted to \$227,935,464. The balances of these total clearings settled in cash or cash exchanges was but \$19,152,834, or but little more than 8 per cent of the whole. Of the balances settled, \$1,325,015 were in gold, \$265,000 in gold clearinghouse certificates, \$3,451,761 in United States notes and the remainder in other forms of money and commercial exchange.

### BOTH MAY DIE.

Elmer Depugh Uses a Razor on His Wife and Himself.

OTTAWA, O., Oct. 5.—Considerable excitement has prevailed here, caused by the attempt of Elmer Depugh to murder his wife and then take his own life by cutting his throat. Mr. Depugh is a farmhand, 24 years old, residing near Columbus Grove, and married a Miss Tonget of this city two years ago. Depugh's statement is that owing to the unfaithfulness of Mrs. Depugh their married life has been anything but happy, and the trouble was brought about by one Charles Weber, who has been paying Mrs. Depugh some attention.

Depugh came here and tried to persuade his wife to return home with him, but she refused, when he drew a razor and attempted to cut her throat, but her efforts hindered him from doing more than inflicting several ugly gashes on her face and hands. Failing in the murder, he then drew the razor and attempted to take his own life, and succeeded in cutting a gash in his throat about five inches long. He is lying in the county jail in a very critical condition, while his wife is at the home of friends with little show of recovery.

### Short and Missing.

NASHVILLE, Oct. 5.—N. H. Harrison, trustee of Monroe county, is missing and an examination of his books shows a shortage of \$7,000 to \$10,000. Warrants for his arrest have been issued.

## SANTA FE DISASTER

Passenger Train Wrecked Near Osage City, Kansas.

### LOCOMOTIVE BOILER EXPLODED.

Seven People Killed Outright and Three Others Badly Injured—One of the Passengers Shoots Himself in the Midst of the Confusion That Followed the Wreck—Names of the Victims.

OSAGE CITY, Kan., Oct. 5.—A frightful railroad wreck, attended by serious loss of life and made more terrible by the self-murder of one of the passengers, occurred at 5 o'clock Sunday morning on the Santa Fe road, two miles north of this station. The wrecked train was the eastbound passenger No. 2, the same that had such a thrilling experience with bandits in New Mexico on Friday night, last.

The wreck was caused by the explosion of the boiler of the locomotive. The engineer should have stopped for water at Osage City, but being behind time, he endeavored to run to the next tank. The engineer and fireman both met death in the wreck. The train had proceeded but two miles beyond this place when two terrific explosions were heard, one following close after the other.

The locomotive was completely shattered. The express, baggage and passenger coaches came crashing upon the wrecked engine and the coaches that were ahead were piled up in one heap of wreckage. The coaches in the rear were all derailed, but the passengers riding in the rear escaped serious injury.

The wreck was marked by scenes of the wildest confusion among the terrified passengers. The nerves of many were at a high pitch as a result of their experience with the road agents in New Mexico, and when the crash came the first impression of nearly all was that the train had been attacked again by robbers. One passenger, William Becker of Los Angeles, en route to Chicago, seemed to lose his reason entirely. When the crash came he drew a pistol from his pocket, and in the presence of a car full of terrified passengers, took his own life. Becker had been drinking heavily.

Owing to the excitement and confusion little could be done to rescue the injured and remove the dead bodies until dawn. Seven bodies were finally recovered.

The dead are: William Becker, Los Angeles, Cal. Engineer Strump, Topeka, Kan. Fireman Harry Hollister, Topeka. William McAdams, tramp, riding on baggage car, and supposed to be from Chillicothe, Ia.

Three tramps, names unknown, all of whom were riding on the baggage car.

Among those injured are: Mrs. Emma Maxwell, an editor on The Evening Telegraph, Colorado Springs, Colo., hands and arms cut and bruised.

Wilford Burns, tramp, legs and arms cut and bruised.

James Coleman, tramp, cut and badly bruised.

None of the expressmen or mail clerks was seriously injured.

### BATTLE EXPECTED.

Full-Blood Choctaw Indians and Squawmen Preparing to Fight.

TUSKALOOMA, Choctaw Nation, I. T., Oct. 5.—The trouble which has been brewing for some months between the full-bloods and squawmen of the Choctaw nation has broken out more violently than ever, and unless indications fail there will be serious bloodshed within a few days. The full-bloods, who have obtained control of the council, passed laws cutting the squawmen off from their landed property and made provision for evicting them.

There have been a number of conflicts during the past few days, and an unknown number on both sides have been hurt, while it is reported that several hundred have been killed on both sides, having been gathering their forces during the week, and are preparing for a pitched battle, which is expected Monday.

### BOY HANGS HIMSELF.

A Thirteen-Year-Old Consumptive Commits Suicide in New York.

NEW YORK, Oct. 5.—Randolph Percival, a 13-year-old boy, committed suicide by hanging at the home of his parents, 304 East Eighty-fifth street. There was nobody at home at the time, and the boy, taking a rubber tube, fixed it to the transom at the top of the folding doors, between the parlors and his bedroom.

Arranging a noose, he placed it carefully about his neck, and with the coolest deliberation knelt down and strangled himself. His mother left him about 8:30 to go shopping, and when she returned at 10 she found him dead. The boy was a consumptive, and had threatened to kill himself. However, it is said that it was the fatal illness that he knew was upon him that caused his moroseness.

WHEELING, Oct. 5.—Harvey Smith and Mitchell Murchland of Brooke county, near Wellsburg, started on horseback to attend a political meeting, and when four miles above Martin's Ferry they quarreled, and Murchland beat Smith in a terrible manner with a board, which he pulled off the fence. They had been drinking. Murchland was placed in the Martin's Ferry jail. Murchland is married. He admits making the assault.

W. LARUE THOMAS,

Bourke Cochran spoke at Parkersburg the day following Bryan's visit to that city and met with a "frost," not to exceed 500 out-of-town people assembling to meet him. Cochran got mad and spent his time abusing Bryan.

"If the Republican managers have as much money to spend recklessly as they seem to have they should start the mills themselves," says the Enquirer. An excellent suggestion. There's no doubt they have all the money they can use and can get more if they want it.

In Friday's leaflet was promised some official figures showing the wages paid to labor in silver using countries, compared with those in the United States.—Public Ledger.

Will the Ledger please publish "some official figures" now "showing the wages paid to labor" in some of the gold standard countries compared with those paid in the United States? Let us have the wages paid in England, Germany and Portugal for a sample. If there's anything in the Ledger's argument it shouldn't hesitate to publish these figures.

### "IDLE HOLDERS OF IDLE CAPITAL."

Mr. Carlisle said in 1878 that this was a struggle between the idle holders of idle capital and the struggling masses who produce the wealth and pay the taxes of the country, and my friends it is simply a question that we shall decide, upon which side shall the Democratic party fight? Upon the side of the idle holder of the idle capital, or upon the side of the struggling masses? This is the question that the party must answer first.—W. J. Bryan.

### THE GOLDBUGS' ARGUMENT.

The strong argument that is made in behalf of the gold standard is that if we had the financial system which is satisfactory to foreign money lenders then they will loan us money. The whole gold standard is based upon the desire to borrow money. My friends, as long as they prescribe our financial system we never will be anything else but borrowers of money, and will never be able to pay back what we borrowed and get out of debt and become money lenders as a nation ourselves. [Applause].—W. J. Bryan.

### ORIGIN OF THE GOLD STANDARD.

"Where does the gold standard come from? Go back to the center of it, to the commencement of it; you find it comes from the great money changers of London, and they act through the money changers of New York, and these act through the money changers of the various towns. And then the London house coerces the New York house and the New York house coerces the country banks and the country banks coerce the country merchants; and you can trace it back until you find it hid across the ocean; and these people here are not independent, because they have over them the whip of the money owners across the sea. [Applause].—W. J. Bryan.

### THE ADVANTAGE OF FREE SILVER.

The great advantage of free silver lies in the fact that it will introduce an era of expanding currency and rising prices in place of the falling market that has so long depressed us. Prices will rise, commerce and manufactures will be encouraged, labor will be in demand, competition for employment will become less severe, wages will rise, and, in the end, working men will be benefited as well as the merchants and manufacturers. Debtors who have been wronged by the shrinkage of prices will secure at least a partial justice and be able to pay off their notes and mortgages with something like a fair equivalent for what they got when they borrowed.—Prof. Frank Parsons, of Boston University, in October Arena.

### CREELMAN ON BRYAN.

Mr. James Creelman, the correspondent of the New York World, one of the Wall street bolting newspapers, says of Mr. Bryan: "The more I see of this earnest and stainless man and the more I learn of the way he set out in his childhood to be President of the United States, never halting for a moment in his purpose, the more I am convinced that a purer patriot does not live. He

seems to be without self-consciousness. His nomination was accomplished without deals or intrigues, and he acts here like an unmortgaged man, free to do or free to say what he pleases. No politician has any special access to him. He feels so sure that the common people will overwhelm McKinleyism that he refuses to make pledges of any kind."

### ONE OF THE LEDGER'S "SUMS."

A farmer raises 1,000 bushels of wheat, for which he now gets \$500. With that money he buys various kinds of manufactured goods at low prices. With free coinage at 16 to 1 he might get \$1,000 for his wheat, but would certainly have to pay nearly twice as much for the goods he would buy. How much would the farmer gain from a cheap money scheme which doubled the price of the things he gets in exchange for his wheat?—Public Ledger.

Here is a Georgia editor's description of the difference between the years 1868 and 1896 which answers the above fully:

In 1868 there was about \$40 per capita of money in circulation; cotton was about 30 cents a pound. The farmer then put a 500-pound bale of cotton on his wagon, took it to town and sold it. He paid \$40 taxes, bought a \$30 cook stove, a suit of clothes for himself for \$15, a dress for his wife, \$5; 100 pounds of meat, \$18; one barrel of flour \$12, and went home with \$30 in his pocket. Now there is about \$5 of money in actual circulation per capita. The same farmer takes the same bale to town, sells it and goes to pay his taxes and finds that he has not enough for \$10, gets discouraged and drunk and goes home dead broke and anything but sober.

### CHAUNCEY GETS A HOT SHOT.

I understand a distinguished citizen of this State, the Hon. Chauncey Depew, believes that my election would be dangerous to the country. There is one advantage in having Mr. Depew against me, and that is if I am elected he will not come down and tell me that he has helped elect me and want me to get rid of that plank in the platform which declares for the arbitration of differences between railroads and their employees. There is another advantage which I shall derive from his opposition if I am elected; he will not come down to Washington and want me to use executive influence against that bill that passed the Senate which attempted to protect the people from the employment of Federal troops and government by injunction.

My friends, there is one great consolation that I find in the opponents that have arrayed themselves against me, and that is, if I am not to have their aid in this campaign, I won't have their domination after the campaign is over.—W. J. Bryan.

### THE REPUBLICAN CURE ALL.

"When you talk about depression in this country the Republicans say the trouble is the tariff question, just raise the tariff and all will be well. I call your attention to the fact that they haven't any tariff reforms in Canada, and yet in Canada you have business failures, and they are increasing just as in the United States. I call your attention to the fact that all over the world where the gold standard comes there is stagnation in business.

"There is enforced idleness all over the world in gold standard countries. Men are begging for a chance to earn their daily bread. And yet those who profit by the rising dollar, those who have money and find under the gold standard that money increases without being invested, they don't seem to realize that there can be any suffering among our people, because they are better off with their dollars, which grow fatter every day."—W. J. Bryan.

### THIS ADMITS ALL THAT DEMOCRATS CLAIM.

The platform adopted by Indiana Republicans in 1890 contained the following significant declaration on the subject of coinage:

"We cordially commend the action of the Republicans in Congress on the subject of free coinage. The law recently enacted was passed in spite of persistent Democratic opposition. Under its beneficent influence SILVER HAS RAPIDLY APPROACHED THE GOLD STANDARD OF VALUE, FARM PRODUCTS ARE ADVANCING IN PRICES and commerce is feeling the impulse of increased prosperity. It will add more than \$50,000,000 annually of sound currency to the amount in circulation among the people, and is a long yet prudent step towards free coinage."

### CLASS AGAINST CLASS.

Talk about arraying one class against another. I want to ask you why it is that every Democrat who is interested in a syndicate or trust or has a salary from a railroad corporation is arrayed against the Democratic party? Why is it? It is because the Democratic party has declared against the issue of bonds in time of peace and the trafficking with syndicates. It is because the Democratic party is opposed to the trusts and the prices which the trusts have instituted. It is because the Democratic party believes in the control, the regulation and the restriction of all corporations, so that they will serve the purposes for which they were allowed to exist.—W. J. Bryan.

## Cripple

The iron grasp of scrofula has no mercy upon its victims. This demon of the blood is often not satisfied with causing dreadful sores, but racks the body with the pains of rheumatism until Hood's Sarsaparilla cures.

"Nearly four years ago I became afflicted with scrofula and rheumatism.

## Made

Running sores broke out on my thighs. Pieces of bone came out and an operation was contemplated. I had rheumatism in my legs, drawn up out of shape. I lost appetite, could not sleep. I was a perfect wreck. I continued to grow worse and finally gave up the doctor's treatment to

## Well

take Hood's Sarsaparilla. Soon appetite came back; the sores commenced to heal. My limbs straightened out and I threw away my crutches. I am now stout and hearty and am farming, whereas four years ago I was a cripple. I gladly recommend Hood's Sarsaparilla. URBAN HAMMOND, Table Grove, Illinois.

### WHAT MCKINLEY WANTS.

We are all ready and anxious to get back to the period of 1892, when this country was enjoying its highest prosperity.—McKinley's opening speech of the campaign.

Now see the specimens of that "highest prosperity":

Business failures in 1892, \$114,000,000.—Bradstreet's.

Strikes in 1892, 1,298; lockouts \$16.—Carroll D. Wright's reports.

### McKinley's Prayer.

Our father, who art in England, Rothchild be thy name; thy kingdom come to America, thy will be done in the United States as it is in England; give us this day our bonds in gold, but not in silver; give us plenty of laboring men's votes to keep monopoly in power and its friends in office. We know our father that we have done many things that were wrong; we have robbed the honest poor, and brought distress to many a poor man; we know that it was wrong to refund the bonds and make them payable in coin; we know it was wrong to water our railroad stock, but thou knowest that we make money by that. Now, our father, thou knowest that in above politics it is the same with us whether gold Democrats or Republicans rule, for thou knowest we are able to sway such parties in our favor. Lead us not in the way of the common people, the farmer or the laborer, and above all, deliver us from sixteen to one. Thus shall we have the kingdom, bond, interest, power and gold, until the republic shall end, amen.—Exchange.

### PERSONAL.

—Mr. Lewis Ross has returned from Philadelphia.

—Miss Marie Walton, of Millcreek, is visiting relatives in this city.

—Miss Margaret Lally, of "Sunny Side" has returned to school at Georgetown.

—Mr. Oscar McDougle, a collector on the C. and O., spent Sunday here with his parents.

—Mrs. Judge Hutchins and daughter, Miss Essie, are visiting the former's sister in Ohio.

—Miss Kate Daugherty, of Flemingsburg, is the guest of Miss Kathryn Walton, of Millcreek.

—Mr. and Mrs. William Keifer, of Thomasville, Ga., have been spending a few days here with relatives and friends.

—Miss Nellie Buckley has returned to her home at Murphysville after a pleasant visit to Miss Hannah D. Collins, of "Woodland."

—Master Commissioner Kehoe and family have been spending a few days with his brother, Dr. H. C. Kehoe, of Flemingsburg.

—Mayor Wm. H. Cox and wife have returned from Dallas, Texas, where Mr. Cox attended the session of the Sovereign Grand Lodge of Oddfellows, as a representative from this State.

### Feed the Nerves

Upon pure, rich blood and you need not fear nervous prostration. Nerves are weak when they are improperly and insufficiently nourished. Pure blood is their proper food, and pure blood comes by taking Hood's Sarsaparilla, which is thus the greatest and best nerve tonic. It also builds up the whole system.

Hood's Pills are the favorite family cathartic, easy to take, easy to operate.

## Your Best Buying Interest

## THE CAMPAIGN.

### Democratic Speakers Greeted by Big Crowds at All Their Appointments.

The Democratic speakers report big crowds at all their appointments in this county, and say that it is remarkable, the interest manifested by the people in this campaign.

Mr. Frank P. O'Donnell spoke at Plumville Friday night, and parties from there Saturday complimented him highly. They say it was one of the best speeches they have heard this campaign.

City Attorney Chamberlain and Hon. A. P. Hord, the latter of Fleming, spoke at Mt. Gilead Saturday night, Mr. Allan D. Cole at Fern Leaf, Mr. C. D. Newell at Moransburg, and Mr. Geo. W. Sulser at Minerva, while Messrs. L. W. Galbraith and Thomas A. Davis, met in joint debate at Sardis. Big crowds were out at all points, the speakers had the closest attention.

#### PUBLIC SPEAKING.

Campaign Chairman Taylor makes the following announcements of public speaking:

Oak Woods school house, October 6th—City Attorney John L. Chamberlain.

Maysville, court house, October 6th—Hon. W. A. Byron, of Brooksville.

Plumville, October 9th—Mr. C. Burgess Taylor.

Maysville, court house, October 14th—Mr. B. W. Blair, of Cincinnati.

With the exception of the two in this city, the above meetings will all be held at 7 p. m. on dates named. The public cordially invited.

#### ATTENTION, BRYAN CLUBS.

The Democratic Campaign Committee wishes to ascertain the total membership of all the Bryan clubs in the county, and also the number of Democrats who will likely vote against Bryan and the number of Republicans who will likely vote for Bryan. To expedite this work, the Secretaries of the various clubs will please fill out and return to the BULLETIN office the following blank:

NAME OF CLUB.
Number of members.....
Number of Democrats in precinct who will vote against Bryan,
.....
Number of Republicans in precinct who will vote for Bryan,
.....
Secretary.

Secretaries will confer a favor by filling out and returning above blank to the BULLETIN office. There are eighteen clubs in the county, and, if all report, the figures will furnish a pretty accurate poll of the county.

THE gross earnings of the Chesapeake and Ohio road for the month of August were \$862,258, against \$866,747 for the corresponding month of last year. Decrease, \$4,489.

BELLEDY, the best cornet soloist in America, and his great band of thirty-five performers, will delight the ladies with special daily programs at Lexington's trotting meeting, October 6 and 16.

BALLENGER, the jeweler, has established a reputation second to none in that line of business. When you buy anything in the jewelry line from him you can rely on getting the best. That's the only kind to buy.

THE C. and O. trains reduced the animal population of South Portsmouth very materially Friday. The westbound flyer killed a cow just above the town and a dog at the depot, and the up accommodation killed two dogs Friday night.

CONSTABLE DAWSON Friday night recaptured Russell Wilburn and Clarence Oldham, who escaped some time ago. He has since recovered a ring, chain and some keys the two are charged with stealing from Mr. S. B. Brookover's residence near Aberdeen.

THE field of the great \$5,000 Transylvania, October 8th, third day of the big Lexington trots, includes horses from Maine to California, fourteen with records better than 2:12. What a race Alcidalis, Gazelle, Pilot Boy, Senator A., Franklin, Page, Celaya and the other cracks will make.

MR. AND MRS. BASIL DUKE, of East Third street, entertained Friday night in honor of Miss Sophia Duke, of Nashville, Miss Cowen, of Cincinnati, and Miss Alice Gill. Walker's Orchestra furnished music. At midnight refreshments were served. It was an evening full of enjoyment to all who were so fortunate to be present.

THE big Futurity stake, trotted on the first day of the great Lexington trots, October 6th, will be the best of the series. Fred. S. Moody, Rose Croix, Louise Mac, Bowman, Practical, Surpol, Lucy Carr and others in the field have shown ability to beat 2:14, and it will be a great struggle for the richest prize of the trotting turf.

THERE will be a very large attendance of moneyed eastern men, bankers, merchants, capitalists, etc., at the big Lexington trots, October 6 to 16. They are bringing their best horses, Page 2:09½, Alcidalis 2:11½, Star Pointer 2:02½, Frank Agan 2:03½ and others. It is the East against Kentucky. Go to the meeting and see Kentucky win.

SPEAKING of the joint debate at that place the Flemingsburg Times-Democrat says: "Thomas trimmed the son-in-law statesman from Lewis up in good shape. A Republican was heard to say after it was over that 'Pugh had the argument on his side but Thomas had the brains on his side,' and the latter half of his statement is certainly true."

#### The Discovery Saved His Life.

MR. G. Caillouette, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

## REGISTRATION.

### To-morrow the Only Day Given to Maysville.

The Law on the Subject Showing Who Are Entitled to Register.

The annual registration takes place to-morrow, being confined to one day in Maysville. The places of registration will remain open from 6 o'clock in the morning until 9 o'clock at night, giving every one an opportunity to enroll his name.

Every one who desires to vote at the ensuing election or any special election for the next year will have to register on the day named.

The officers appointed for the November election will also serve as officers of the registration.

The following concerning "who shall register" will be of general interest:

Every native-born male citizen of the United States, who has resided in the State of Kentucky one year, in the county of Mason six months and in the precinct in which he expects to vote sixty days prior to the election may register. He need not live there sixty days to register, but if, by election day, he will have lived there sixty days and in the county six months and in the State one year, he may register and vote.

Naturalized citizens of the United States who produce to the officers of registration, if demanded, their naturalization papers, and who have the necessary qualifications as to residence, may register.

Section 1,478 determines the residence of a voter as follows: "That shall be deemed his residence where his habitation is, and to which, when absent, he has the intention of returning."

"The place where the family of a married man resides shall generally be considered his residence, unless the family so resides for a temporary purpose. If his family is permanently in one place and he transacts his business in another, the former shall be his residence."

There are special registration days provided for persons who may be sick or "necessarily" absent from the city on October 6th.

#### OFF FOR KNOXVILLE.

Maysville's Ball Team Leave For the Closing Games of the Season With the Indians.

The Maysvilles left Sunday afternoon for Knoxville for the closing games of the season at that point.

Speaking of Friday's game at Portsmouth the Times says: "The game was a remarkable one. During the eight innings played, the Polos never got a man round to third base, while the Maysvilles only reached there once. The man who got there only lasted long enough to get out. The outs on Maysville's side were all made by three members—catcher, first base and second base. This shows how effective Newton was. He pitched a truly phenomenal game and the locals were unable to hit him at all. They couldn't even make little infield hits off him. He has a credit for eleven strike-outs. It would have been twelve if Kellner hadn't dropped the third strike on one—just half the men who faced him fanning the air. It was the kind of a game that gave Newton the reputation he enjoys. And Sheppard—our own fat, jolly Sheppard—was not far behind. He puzzled the Maysville sluggers almost as completely as Newton did the Polos. They only hit him safely twice."

Maysville played an errorless game.

Two games were played at Portsmouth Saturday, and Maysville received two heavy coats of whitewash. The first resulted in a score of 7 to 0, and the latter 4 to 0. Wadsworth and Hiberger were the opposing pitchers in the first game. Hits, Portsmouth 8, Maysville 3. Errors, Portsmouth 3, Maysville 7. In the last game Newton and Dick Smith opposed each other on the slab. Hits, 4 on each side. Errors, Portsmouth 5, Maysville 6.

REV. ROBERT TOLLE returned home from Georgetown College Saturday evening, suffering from an attack of nervous prostration. His many friends wish him a speedy recovery.

#### Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

The note is worthless to anybody except himself. Detectives Crim and McDermott are looking for the thief. Mr. Auxier formerly resided at Tollesboro.

#### A Yankee Drummer.

To say our people were well entertained is a mild way of saying it—the shouts of laughter could be heard for blocks—and the cause of it was "A Yankee Drummer" was given our people by our old time favorite Mr. Frank Jones and his company last night. Jones as "Simon Hummer" takes the cake, as well as the girl in the wind up. Any one wishing to prolong life by an evening's hearty laugh should not fail to see "A Yankee Drummer."—Washington (Pa.) Times.

## CINCINNATI TOBACCO MARKET.

A Slight Advance on Low Grades and a Stronger Feeling for the Fancy Crops.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The condition of the tobacco trade remains about the same, with perhaps a slight advance on the low grades, and a stronger feeling for the fancy tobacco that has been offered. The offerings have only been moderate, and we think this has had some effect upon the market, as the demand has been about equal to the offerings. There appears to be very little difference in the prices of mediums, although some competition on a few hogheads strictly sweet causes the sellers to be better satisfied with the prices than heretofore. There is considerable demand for some strictly fine tobacco, and our buyers are willing to take all they can get at better prices than they paid some time ago, as the offerings do not equal the requirements for this class of goods. We consider this an opportune time for shippers who have some good tobaccos to dispose of a few hds. while there is this demand from the manufacturers. There appears to be a small speculative demand for low grades, which causes some competition, and the prices are some better, especially on those having color.

The reports from the country are very satisfactory, and we learn there is some little stripping going on. We think that there will be new tobacco placed upon the market very early, as it is the general impression among the growers that the first shipments will do much better than afterward. There is no doubt that the new tobacco will be purchased quite freely by the manufacturers as soon as it comes to market, and they will discard the old tobacco as soon as possible on account of its inferiority. We consider our shippers will make no mistake in disposing of the old as fast as it can be done, in order to not allow it to come in competition with the new.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

## ATTEMPTED TO ESCAPE.

A Jailor's Wife Prevents Several Prisoners From Gaining Their Liberty.

GLASGOW, Ky., Oct. 5.—An attempt at jail delivery occurred here Saturday night when seven prisoners overpowered Jailor Carter while he was giving them supper and took the keys away from him. The jailor's wife came to the rescue with a heavy stick and beat the men back until assistance arrived.

All the time she was beating the prisoners over the head she was screaming murder at the top of her voice, and the neighborhood was quickly alarmed. Nick Ray, the murderer of Attorney Albert Scott, was the leader in the attempted delivery.

## Captain Holloway Dead.

GALLIPOLIS, O., Oct. 5.—Captain John Holloway, one of the oldest steamboat masters, who ran the river when it was navigated by flatboats years ago, and a brother of Commodore C. M. Holloway of Cincinnati, died Saturday of consumption. He ran the river for half a century, and for the past 20 years has trodden the hurricane decks of Big Sandy packets. He was extensively known in Cincinnati, where most of his relatives live, and at every port between Pomeroy and the Queen City. He was 76 years of age, and leaves a wife and one child.

## Two Boys Run Down.

ALLIANCE, O., Oct. 5.—While two boys, named Olinbaugh and Lutzinger, aged about 9 and 12 years, were herding cows along the Pittsburg, Fort Wayne and Chicago railroad four miles west of here Saturday evening they were run over by one of the Pennsylvania's excursion trains on the return trip from Canton and horribly mangled.

## After the Bogus Physicians.

COLUMBUS, O., Oct. 5.—The state medical board having completed the registration of physicians who are entitled to practice, is getting after those who have not registered. It is taking steps to prosecute a leading specialist and it has secured evidence against some Columbus druggists who have prescribed remedies.

## Tynan Coming Back.

NEW YORK, Oct. 5.—Dispatches have been received here by friends of P. J. P. Tynan stating that he has been released from prison at Boulogne-Sur-Mer, France, and is now on his way to this country.

## Darwin's Widow Is Dead.

LONDON, Oct. 5.—The Times announces the death of the widow of the late Charles R. Darwin.

THINK of twenty great trotters with records from 2:10 to 2:12 entered in the 2:11 trot at Lexington's big trots, and of eighteen great pacers with marks from 2:06 to 2:10 in the 2:07 pace. No one ever heard of anything like it.

Seems as if all things we like disagree with us, and all the things we don't like agree with us. Dyspepsia lurks in most of the good things we eat, and ingestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion, particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

Walter Leach, aged 80, employed by the Central Union Telephone company, of Chillicothe, O., was found dead in a hole Saturday. He died of epilepsy while digging a trench about five feet long and four feet deep, and was found lying in it, as if in a grave which he himself had dug.

Moses Diven of Delaware, O., has a freak of the fruit kingdom in the shape of a second crop of apples on a tree on his place. It has been often heard that trees bud the second time in one season, but the "oldest inhabitant" in that section never saw or heard of the second crop of apples.

One of the Pennsylvania excursion trains on its return trip from Canton Saturday evening struck and instantly killed two boys named Olinbaugh and Lutzinger, aged about 10 and 12 years, about four miles west of Alliance, O. The boys were herding cows and did not see the train approaching.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co., only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
